Earn an Associate of Applied Science Degree along with your High School Diploma!

P-TECH graduates complete all of the required course work to earn a high school diploma and an Associate of Applied Science (AAS) Degree. Students can take up to six years to complete the program, but may finish in as few as four years. In addition to the degrees, students earn industry certifications in their chosen field of study.

Academic and Career Assistance

Students are guaranteed one-on-one mentoring with a business professional in their chosen field and a minimum of one six-week paid internship. Support and enrichment programs are provided through extended day and summer bridge programs. A dedicated college and career counselor is also available to all students.

“P-TECH is about promise, but it’s also about expectation...The expectation is that you will apply yourself, take full advantage of this unique opportunity, and give back – both as a productive member of your community and as a mentor and role model for future generations.”

— Rashid Ferrod Davis, Founding Principal of PTECH Brooklyn

“P-Tech is doing what public education is supposed to do.”

— President Barack Obama, 2013

Hospitality Services Management
What Is P-TECH?

Through the Pathways in Technology Early College High School, or P-TECH, Prince George’s County Public Schools (PGCPS) students can complete both a 4-year high school diploma and a 2-year Associate of Applied Science (AAS) Degree in six years or less at no cost. Students begin college level work by 10th grade for dual credit.

Highlights
- High-demand industry pathways: Health Information Management OR Hospitality Services Management
- Open enrollment within the boundary through a lottery selection process
- Both P-TECH: Health and Technology and P-TECH: Hospitality and Management are located at Frederick Douglass High School
- Transportation is provided
- Guaranteed paid internship in your chosen career field
- Guaranteed mentoring from industry partners
- Support and enrichment through extended day and summer bridge programs
- Earn your AAS for FREE!

P-TECH: Health Information Management

The Health Information Management pathway integrates the disciplines of medicine, computer technology, and business management. Graduates are prepared to perform technical and supervisory duties in organizing, analyzing, and generating health data for reimbursement, planning, quality improvement, research, and the legal issues surrounding health information. Employment opportunities exist in a broad range of settings, such as hospitals, home health care, nursing homes, health maintenance organizations (HMOs), physicians’ offices, consulting, computer software companies, and government agencies.
